

INFORM™ Tolling Dashboards

Find out exactly how much you're spending on toll payments, manage violations, prevent fraud and more with the INFORM Tolling data visualization interface. As a component of our PrePass Plus electronic toll payment service, INFORM Tolling offers more than just a snapshot of toll invoices and violations. It monitors tolling activity and can send immediate notifications when transponders are being used improperly. It also provides daily updates on violation processing and payment disputes.

With INFORM Tolling, it's easy to view PrePass Plus toll transactions in a way that helps identify trends, find areas for improvement, and mitigate fraud. By having a holistic view of toll management, operators can boost fleet efficiency and better manage financial exposure.

Drill Down into Tolling Data

The INFORM Tolling interface is user-friendly and intuitive, with a number of powerful features:

- INFORM interactive dashboard with tolls snapshot
- Toll analytics and fraud prevention capabilities
- Reporting function to analyze yearly spend and savings totals
- Violations management and payment processing

Uncover the Benefits of Better Toll Management

Taking control of toll performance saves money, time and gives you peace of mind.

- Optimize routes to minimize toll exposure
- Spend less time and fewer resources on payment disputes and violation processing
- Quantify PrePass Plus' return on investment
- Protect your toll budget by catching and preventing fraud

Save Time. Save Fuel. Save Money.

More than **45,000** PrePass fleets

Over **600,000** trucks on the road

Millions of hours saved

Over **250,000,000** gallons saved

Billions of dollars saved

Over **500,000** tons of emissions saved

PrePass Safety Alliance provides PrePass weigh station bypass and toll payment services. Trucking industry leaders, enforcement agencies and state DOTs first formed the non-profit public-private partnership in 1993 to improve commercial transportation safety and efficiency. The organization has invested over \$700 million to deploy truck safety services and infrastructure nationwide.
