

Electronic Toll Payments

Reduce toll booth delays and improve efficiency with consolidated billing from one of the largest toll payment services available. With PrePass Plus®, you receive weigh station bypass and all the benefits of integrated electronic tolling with one service. This saves you time and money.

Agreements with regional toll authorities allow fleets to move freight nationally without the need to manage multiple accounts and transponders. The electronic toll payments service offers discounted tolling rates, toll reconciliation and dispute resolution, consolidated billing and 24/7 toll transaction access. Toll payments is available as a toll-only service or integrated with PrePass® weigh station bypass.

One-stop-shop for bypass & tolls

The PrePass platform provides bypass, tolling and safety score management in one solution.

- AVOID DELAYS and wait times at toll booths
- SAVE MONEY through discounted toll prices
- IMPROVE EFFICIENCY with consolidated billing statements
- REDUCE COSTS with violation and toll dispute services
- SAVE TIME through integrated weigh station bypassing
- IMPROVE SAFETY and driver morale with leading solution

PrePass Safety Alliance provides PrePass weigh station bypass and toll payment services. Trucking industry leaders, enforcement agencies and state DOTs first formed the non-profit public-private partnership in 1993 to improve commercial transportation safety and efficiency. The organization has invested over \$700 million to deploy truck safety services and infrastructure nationwide.
