

Weigh Station Bypass

Get the “green light” with the most utilized and technologically advanced weigh station bypass platform in North America. PrePass® helps over 600,000 qualified commercial vehicles stay on schedule and safely bypass inspection facilities at highway speeds.

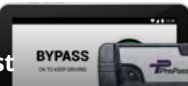

PrePass is the only supplier to offer the 100% reliability of a PrePass transponder and the convenience of the MOTION™ bypass app. PrePass services also include electronic toll payment, safety and toll optimization dashboards, driver ELD and roadway alerts.

Leading technology, superior service.

The PrePass platform provides bypass, tolling and safety score management in one solution.

- MAXIMIZE BYPASSES with the transponder and MOTION™ bypass app
- MOTION also provides heads-up ALERTS™ for road hazards, work zones and more
- IMPROVE SAFETY SCORES with the INFORM™ safety data portal
- STREAMLINE TOLL PAYMENTS with PrePass Plus® integrated tolling service

-  Over **600,000** tons of emissions saved

PrePass Safety Alliance provides PrePass weigh station bypass and toll payment services. Trucking industry leaders, enforcement agencies and state DOTs first formed the non-profit public-private partnership in 1993 to improve commercial transportation safety and efficiency. The organization has invested over \$700 million to deploy truck safety services and infrastructure nationwide.
